

## Hives for Humanity

580 Powell Street  
Vancouver, B.C.

### Farm/Garden Support

*Do you like getting your hands dirty (literally), being outside, and meeting new people in the community? Interested in volunteering your skill/time to a non-profit organization?*

Selected volunteers will receive training and support so that they can be knowledgeable, engaged and friendly ambassadors for Hives for Humanity.

Volunteers will take part in:

- Soil mixing, prepping trays, seeding, seedling care, transplanting, watering, weeding, pruning, deadheading, harvesting and seed saving.
- Irrigation set up and maintenance.
- Preparation of bouquets.
- Site maintenance
- Light construction and repairs.

### Skills/Requirements:

- Desire to work with all types of people with an ability to be sensitive and compassionate; reliability and good time management; ability to be a self-starter; positive attitude; good sense of humour
- Some background interest and/or experience gardening or farming
- Conflict management skills or experience in non-violent de-escalation an asset.

Please keep in mind for working in the farm/garden we ask that you have good boots that have a good tread. No flip flops, waterproof clothing is suggested for rainy days. Bring your own gloves if you don't want to share.

### How to apply:

- Submit your resume and cover letter with the subject line: **H4H Volunteer Interest** to [volunteer@hivesforhumanity.com](mailto:volunteer@hivesforhumanity.com)
- Please include the following:
- Your contact information
- A bit about you, any relevant experience, and why you are interested in this project and your availability

We offer a fun, creative, flexible volunteering environment; experience supporting healthy pollinator populations, at-risk communities, social justice in Vancouver.
